Mobile: +91 8540094216 | Location: Bodhgaya, INDIA

## PROFILE

---

Passionate full-stack web developer with expertise in the MERN stack and Django Python. Skilled in creating dynamic, responsive web applications with a focus on user experience. Proficient in modern web development tools and frameworks, ensuring high-quality solutions that meet client requirements. Strong problem-solving skills and attention to detail.

## SKILLS

---

**Languages:** Python, Java, JavaScript, HTML/CSS

**Frameworks/Libraries:** React, Express.js, Node.js

**Databases:** MongoDB, SQL

**Tools:** Git/GitHub, Netlify, Unix Shell, Webpack, VS Code, IntelliJ, Atom

**Fundamental Concepts:** OOP, DBMS, Data Structures

## PROJECTS

---

**Social Media App** | *GitHub: <https://socialmediawebapp1232132144234243.netlify.app>*

- Developed a full-stack social media application inspired by platforms like Instagram.
- Implemented user authentication, allowing users to sign up, log in, and log out securely.
- Designed a dynamic interface with features like following/unfollowing other users, posting content, liking posts, and exploring content similar to Instagram.

**Dynamic Notebook with Signup/Login** | *GitHub: [https://github.com/AadityaMohit/MERN\\_Notes/tree/master](https://github.com/AadityaMohit/MERN_Notes/tree/master)*

- Developed a dynamic notebook application allowing users to create, edit, and delete notes.
- Implemented user authentication with signup and login functionality using JWT tokens for secure access.
- Utilized MongoDB as the database to store user information and notes data.
- Designed a responsive and intuitive user interface for seamless note management.

**E-commerce Grocery Shop** | *GitHub: [https://github.com/AadityaMohit/DJANGO\\_GROCERY\\_APP/tree/master](https://github.com/AadityaMohit/DJANGO_GROCERY_APP/tree/master)*

- Built an e-commerce platform for grocery shopping with a user-friendly interface.
- Implemented features such as user registration with email, phone, and OTP verification, and secure sign-in/sign-out functionality.
- Developed a shopping cart system, allowing users to add/remove items and proceed to checkout for payment.
- Integrated payment options including cash on delivery (COD) for convenience.

**Weather & News App** | *GitHub: [https://github.com/AadityaMohit/React\\_WEATHER\\_NEWS\\_API/tree/master](https://github.com/AadityaMohit/React_WEATHER_NEWS_API/tree/master)*

- Created a React-based application utilizing the Fetch API to fetch weather and news data.
- Designed a user-friendly interface displaying current weather conditions and forecast for specified locations.
- Implemented news section fetching latest headlines from various sources for users to stay updated.
- Utilized text utils to enhance readability and accessibility of content displayed.

EXPERIENCE

---

Intern - HR Position

May 2024  
DevTown, Remote

- Managed client interactions and student project work, focusing on Python and AI-related projects.
- Gained practical experience in human resources, including recruitment processes, team management, and client communication.
- Assisted in organizing workshops and events to promote skill development and enhance student engagement.

Web Developer

- Contributed to various web development projects, specializing in JavaScript and emerging technologies like React.js and Django in my projects.
- Utilized Django models, forms, and modules to build robust back-end systems for web applications.
- Implemented advanced features in React.js, including React hooks, context API, and Redux tooling, to create dynamic and interactive user interfaces.
- Enhanced security and user authentication using techniques such as token validation and access control.
- Collaborated with cross-functional teams to define project requirements, develop technical solutions, and ensure timely delivery of high-quality products.

EDUCATION

---

Bachelor of Computer Application

2022 – 2025

Tilka Manjhi Bhagalpur University, Bhagalpur, INDIA

- \* Attended one of the premier institutions, renowned for its comprehensive curriculum and excellent faculty in the field of computer applications.
- \* Studied a diverse range of subjects including coding, web development, and gained exposure to artificial intelligence (A.I.).
- \* Participated in various extracurricular activities and projects, enhancing practical knowledge and skills in computer science.
- \* Engaged in collaborative projects and group discussions, fostering teamwork and problem-solving abilities.

SOFT SKILLS

---

- Excellent problem-solving skills
- Strong communication skills
- Ability to work effectively in a team
- Adaptability and willingness to learn

EXPERTISE

---

- Expert in Django and MERN stack development
- Proficient in JavaScript and React.js
- Experienced in developing dynamic and e-commerce websites
- Skilled in coding with Java and Python
